ANNEX F

Urban Planning and Building Inspection

1. REQUEST FOR A PARTICULAR CONSTRUCTION OR MODIFICATION PROJECT OR A BUILDING OCCUPATION (PPCMOI)	
a. Charges for the specific request:	\$1,040
b. Cost of construction and installation of the sign:	\$832
2. SUBDIVISION REQUESTS	
Charges for all subdivision requests, in addition to the tariff for the issuing of the necessary permit, for each new lot created or to be created:	\$520
3. CONSTRUCTION PERMITS	
Base cost for any initial request for a construction permit in addition to the cost to issue the permit:	\$156
a. New construction, major renovation, transformation or expansion of an existing building For the issuing of a construction permit for the construction of a building, the renovation, or a major transformation of an existing building or for an addition to a building of an area equal to or greater than 40 m ² , the amount is calculated based on the estimated value of the work to be performed as follows:	
i. \$10.19 per \$1,000.00 of the value of the work;	
ii. Notwithstanding the provisions of paragraph i above, the cost shall not be less than \$41.60 per m ² , including the basement level, for new constructions and expansion, and not less than \$26.00 per m ² for major transformations or major renovations including the basement level.	
b. Other construction projects For the issuing of a construction permit when the value of the work exceeds \$2,000.00, such as for repairs, enlargements of an area smaller than 40 m ² , modifications, transformations, pools, replacement of doors or windows, etc., the amount is calculated based on the value of the work, as follows:	
\$10.19 per \$1,000.00 of the value of the work;	

i. Checking the estimated value The Town, when it considers that the estimated value of the work as submitted does not represent the actual construction costs, reserves the right to carry out a counter-verification of the costs submitted by an independent evaluator. As soon as this verification is completed, the Town will bill the applicant again, if the amounts are higher than 10,000\$ or more, for all the additional costs generated by this verification. In the event that, after a period of 7 working days, the invoice is not paid by the applicant, the Town reserves the right to revoke the permit issued and order the site to be stopped until payment of this invoice.
c. Renewal of construction permits or certificates An owner is required to renew any construction permit or certificate of authorization that has lapsed when the planned work has not been completed within the time period set out in the permit or certificate.
1. The cost of a first renewal of a construction permit or a certificate of authorization shall be equal to 100 % of the initial cost;
2. The cost of the second and last renewal of a construction permit or a certificate of authorization shall be equal to 150% of the initial cost;
d. Partial reimbursement of the cost of a permit renewal for a new building The Town may reimburse a portion of the cost of the first and second renewal of a construction permit for a new building if the work that is the subject of the renewal is finished within 9 months, subject to the following conditions.
1. If the work that is the subject of the renewal is finished within three months after the renewal, the Town will reimburse to the owner 75% of the cost of the renewal of the permit;
2. If the work that is the subject of the renewal is finished within six months after the renewal, the Town will reimburse to the owner 50% of the cost of the renewal of the permit;
3. If the work that is the subject of the renewal is finished within nine months after the renewal, the Town will reimburse to the owner 25% of the cost of the renewal of the permit;
4. No reimbursement will be made beyond 9 months after the renewal;
5. Only the Town Inspector may establish the date of completion of the work. The owner is required to inform the Town Inspector when the work is approaching completion;
6. The date of completion of the work corresponds to the date of occupation.
